

Gouthinking.Subscription v2.00.00 User Guide

Gouthinking.Subscription allows you to easily set up and collect automatic recurring payments on your website. It easily integrates DotNetNuke by automatically handling DotNetNuke role membership upon subscription sign up and the removal of DotNetNuke role membership at the end of the subscription. It is easy to use as using Paypal Button Tool, just only need 10 minutes. Also, it is easy to extend its Instant Payment Notification to what you want to process. The IPN can be used as is or can be extended to your heart's content for those that are technically inclined.

Features List

- a) Supports Sandbox and Live (Currently, Just PayPal).
- b) Supports all currencies supported by PayPal (Currently, Just PayPal).
- c) Customizable subscription amount.
